

MONROE-WOODBURY CENTRAL SCHOOL DISTRICT INTERSCHOLASTIC RULES AND REGULATIONS

The Monroe-Woodbury Central School District is a member of the New York State Public High School Athletic Association, Section IX Athletic Council and the Orange County Interscholastic Athletic Association and, therefore, adheres to the Rules and Regulations of these governing bodies.

If a student accepts the privilege of being a member of a Monroe-Woodbury athletic team, he or she must adhere to the rules and regulations as outlined below.

I. Goals of the Athletic Program

- A. To develop sportsmanship by learning to play fairly and to abide by the rules of the game.
- B. To train athletes to accept winning and losing graciously.
- C. To develop self-discipline and confidence.
- D. To develop a sense of responsibility and to make sound decisions.
- E. To develop leadership.
- F. To develop the athletes ability to express his or her emotions in a socially acceptable manner.
- G. To build character and learn that personal sacrifice may be required for the good of the team.
- H. To develop the respect for teammates, opponents and others.
- I. To develop a high state of physical fitness to meet the demands of today and tomorrow.

II. Physical Examination

A student trying out for an athletic team must have a medical examination by the Monroe-Woodbury Central School District appointed physician or school nurse or Family Physician.

- A. No student will be allowed to begin practice until cleared by the school nurse.
- B. The medical clearance is valid for one calendar year. Medical updates are required for each sport season.
- C. If a student is medically excused from Physical Education, the student cannot play or practice in any sport during this "Medically Excused Physical Education Time".

III. Conduct

Members of a Monroe-Woodbury athletic team are required to conduct themselves as good citizens both in school and out in the community. Athletes are expected to act like ladies and gentlemen at all times when visiting other schools for an athletic contest.

IV. Hazing

"Hazing" is not permitted under any circumstances. "Hazing" is defined as any behavior exhibited by a student(s) toward a student, teacher, coach or individual, which degrades, demeans, humiliates and places at risk physical and/or emotional harm toward that individual(s). Hazing is against the law in New York State. Hazing resulting in an injury to a person is a Class "A" misdemeanor and hazing which creates a substantial risk of injury to a person is a law violation.

V. IN/OUT OF SCHOOL SUSPENSION

Any student athlete on in/out of school suspension may not participate in any practice/try-out or athletic contest during the day(s) of suspension. If the period of suspension includes a weekend or holiday, the student athlete may not participate during the weekend or holiday period of time.

VI. Leaving the Squad

- A. As a member of the District's Athletic Teams, the school games and practices take precedent over any community affiliated team games/practices. Players who do not attend school team games/practices without consent of the coach will face disciplinary action which could result in suspension from the school team.
- B. It is the player's responsibility and obligation to inform the coach if he or she desires to leave or quit a team. Failure to accept the responsibility of notifying the coach, unless under justifiable or extenuating circumstances, will result in automatic suspension from further athletic participation for the remainder of the season and the next sport season.

VII. Training Rules

The Monroe-Woodbury Central School District recognizes that the use of alcohol, tobacco, steroids or other illegal drugs decreases long-term athletic activity performance, decreases the overall academic performance, increases the probability for physical injury and lessens the chance for a student to reach his or her full measure of excellence. Self-disclosure to the Coach, Athletic Director and/or Student Assistance Counselor concerning his or her substance abuse problem will result in no disciplinary action as long as the player follows the recommended care plan as outlined by the Student Assistance Counselor. A player caught breaking Training Rules is subject to the following disciplinary action as outlined below:

A. LEVEL I – Suspension from one contest.

1. Conduct unbecoming an athlete.
2. Illegally absent from school on the day of a contest. (If illegally absent on Friday, student cannot participate in a Saturday or Sunday contest.)

C. LEVEL III – Repeat of a Level II offense results in suspension from the team for two weeks; however, the player must continue participation at all practices.

D. LEVEL IV – Suspension for the sport season (cannot participate on any athletic team during the season of suspension, i.e., an athlete suspended from X-Country would also be ineligible for soccer).

If a Level III violation by an athletic team member occurs during post-season play, the athlete will be subject to disciplinary action affecting the next athletic season in which the athlete will participate, for a period not to exceed 2 sport seasons. The athlete can practice with the athletic team, but he/she will not be able to participate in scrimmages or athletic contests during the suspension period.

F. LEVEL V – ONE SCHOOL YEAR SUSPENSION

1. The distribution of illicit drugs.
2. Hazing or physical abuse to a coach, teacher or student athlete.
